Tel: 020 7936 5900

Biologist is a fully peer-reviewed and citation-listed magazine that carries the full richness and diversity that is biological research today. Science is brought to life with stimulating and authoritative review articles, while topical pieces discuss science policy, new developments and controversial issues.

Aimed at professional biologists everywhere, its straightforward style makes it ideal for educators and students at all levels, as well as the interested amateur, subscribers in industry, academia and the public sector.

Biologist has an estimated readership of over 26,000 both in the UK and overseas.

Published quarterly: February - May - August - November.
Copy deadline is 1st of previous month.

Biologist – a niche market publication – comes with competitive rates that make it extremely cost effective.
